

Dear Friend,

It is our hope that this letter finds you healthy and well. In many ways, our evening together back in early March seems like a long time ago. Obviously, a lot has changed in our world since that time. We want to thank you for your generosity towards our Student Wellness Initiative, and we would like to give you an update on where we stand in the areas of revamping the Athletic Performance Center (APC) and the new Student Seating Area.

To this point, we have been able to raise about \$55,000 towards our goal of \$150,000. After doing some math, we have decided to dedicate 83% of all money raised towards the APC, and 17% towards the Seating Area.

With the approximately \$45,000 raised thus far for the APC, we will be able to take some preliminary steps towards fully refurbishing this area. What we are able to do at this point is buy some fitness equipment which includes: 10 full weight racks with benches and connecting bridges, TRX suspension trainers, dumbbells, medicine balls, plyometric boxes, kettlebells, jump ropes, slam balls, weight plates, weight vests, balance discs, and other small equipment. The addition of this new equipment will make a huge change in the functionality and access to fitness in our classes and sports programs. Additionally, we will be looking at making some cosmetic changes with new interior and exterior paint on the current weight room.

We have collectively made the decision to continue to raise money towards the Seating Area before moving forward. We hope to raise \$25,000 towards this initiative, and we don't feel that moving forward before raising that amount will make much of an impact.

Thank you for your generosity in helping our students to have a more meaningful and healthy experience at Niwot High School. One of the things that sets NHS apart is the support and generosity of our parent community.

If you would like to make an additional contribution towards this initiative, please do so by making a check out to the NHS Boosters or the Niwot High School Education Foundation.

Take good care, and we'll see you in August!
